

Cavalier Agrow

Position: Business Agronomist

Application Deadline:

Application Method: Submit to employer by e-mail
careers.cavalier@sasktel.net

About Our Company

Cavalier Agrow is a multi-outlet, full service, independent crop input retail which services North-West Saskatchewan. We are recognized by our customers, business partners and peers as leaders in agronomy and crop production. Our core values are built around trust, relationships, passion for agriculture, and providing agronomic guidance to our customers. We strive to maximize grower profitability using tools such as: Cavalier Agrow's 4 Rules of Business Agronomy, the Field Scout Apprentice Program, the agPROVE trial program and precision agriculture initiatives such as the iFARM program. Utilizing advances in technology has been instrumental in the success of our customers.

Job Information

Position Type: Full Time
Job Title: Business Agronomist
Job Location:
Number of Positions:
Position Start Date: As soon as possible

Targeted Degree and Disciplines

- Degree or diploma in agriculture, business or a related field e.g. Agronomy, Soil Science, Plant Science, Biological Science, Environmental Studies, Precision Ag
- Passion for agriculture
- Experience in ag retail, agronomy, precision ag or a related field is an asset
- Organized, self-directed and self-motivated
- Excellent time management skills
- Excellent oral and written communication skills
- Valid class 5 driver's license and clean drivers abstract
- Excellent computer skills
- Positive and upbeat attitude
- Eager to learn

Duties and Responsibilities

- Build client relationships through the use of **Cavalier Agrow's 4 Rules of Business Agronomy**; where advice given is based on sound agronomy and value to the customer
- Utilize programs such as agPROVE and iFARM to differentiate Cavalier Agrow from other retailers and to build long term relationships with our customers
- Provide customer support and expert advice on crop nutrition, soil test interpretation, field scouting, diagnostics, and product recommendations
- Provide sound agronomic advice which addresses both ethical and environmental concerns or requirements
- Develop and expand fertilizer and crop protection sales
- Assist with the management and delivery of crop protection and nutrition products and services
- Develop business plans for key customer accounts
- Endorse and promote strategic company initiatives

As part of our team, you will be surrounded by employees who are eager to learn. By using sound agronomic principles and cutting edge solutions we will enable you to help farm customers be more profitable with the goal of raising yields each year.

We offer a flexible work environment that promotes family and fun. We offer a competitive salary, a benefit package including health and dental coverage, as well as an R.R.S.P. program and a performance based bonus program. Remuneration will be based on skills and experience.

We thank all those who apply, however, only those selected for further consideration will be contacted.
